MEMORANDUM TO FILE

TO: File

FROM: Toni Loper, Public Utility Analyst 

SUBJECT: In The Matter Of The Application Of World Energy Solutions, Inc. For a Certificate to Provide Electric Supply Services Within the State of Delaware (Filed November 20, 2006)  
- PSC Docket No. 06-369

---

On November 20, 2006 World Energy Solutions, Inc. ("World Energy" or "Company") filed an application with the Delaware Public Service Commission ("Commission" or "PSC") seeking certification as a retail electric supplier to broker the sale or purchase of electric supply service in the State of Delaware, PSC Docket No. 06-369. The Commission granted an Electric Supplier Certificate ("ESC") to World Energy on January 23, 2007 by Order No. 7109.

On January 8, 2008 EnerNOC, Inc. ("EnerNOC") filed an application with the Commission seeking certification as a retail electric supplier to broker the sale or purchase of electric supply service in the State of Delaware, PSC Docket No. 08-6. The Commission granted an ESC to EnerNOC on March 18, 2008 by Order No. 7369.

On January 27, 2015 World Energy filed notification with the Commission of an "Agreement and Plan of Merger" ("Agreement") with EnerNOC to be effective on January 5, 2015 with the filing of a certificate of merger with the Secretary of the State of Delaware. The application stated that the appropriate filing of the Form 8-K had been made with the Securities and Exchange Commission, dated November 3, 2014.

Staff requested additional information regarding the Agreement and the Company stated in a subsequent filing that both World Energy and EnerNOC will maintain their respective Electric Supplier Certifications and will continue to serve customers under their licensed names. World Energy will be a wholly-owned subsidiary of EnerNOC. The Company provided updated contact information for the Regulatory and Billing Contact. The Company stated in the filing that both Companies are serving Delaware customers but service will not be affected.

The Company's Application appears to be reasonable and meets the requirements of Supplier Rules. Staff, therefore, recommends the Commission recognize the Agreement.
